## **Licensed Funeral Director**

Smith's has been dedicated to providing exceptional, compassionate and personalized service to families since 1938. We are seeking a fulltime Licensed Funeral Director to join our team at our fast-paced business with multiple locations. The successful candidate will be passionate, highly-organized, a team-player, an excellent communicator, and interested in both arranging with families and directing services. We are looking for someone who is intensely family-focused, keen to solve problems and able to handle a challenge, while juggling priorities in a sometimes hectic environment – while being able to smile through it all!

We are committed to providing our valued team members with guidance, an opportunity for personal and professional growth, and working to help them achieve a work life balance. We pride ourselves on our involvement in many community initiatives and organizations, and are looking for people who value community as much as we do.

You must hold a Funeral Director's Licence and a valid Ontario Driver's Licence to be considered. Submit your resumé in confidence to [jen@smithsfh.com](mailto:jen@smithsfh.com) on or before November 27, 2020.

*While we thank all candidates for their interest, only those being considered will be contacted for an interview. Otherwise, no phone calls please.*

*Smith's Funeral Homes welcomes and encourages applications from people with disabilities. Accommodations are available on request for candidates taking part in all aspects of the selection process.*

*Please feel free to visit our website to learn more about our history, values, commitment to our community, and to meet our valued team members. [www.smithsfh.com](http://www.smithsfh.com).*
